Dear Ms Malik
Sorry for that; we confirm Arun house is on mains drainage.

Yours sincerely

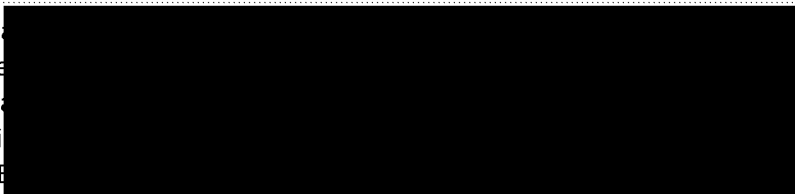

Jonathan Hetreed

We want to reassure clients and colleagues that we continue to provide our usual professional service during this virus season, with home and office working, zoom or teams meetings etc.

Dear Mr Hetreed,

Thank you for providing the CIL forms.

However, this application is still invalid due to the following reason:

Lidsey Foul Water - Environmental Assessment Statement

The site for this planning application lies within the Lidsey Foul Water Treatment Catchment Area, please confirm whether your scheme is going to involve works which would require connection to foul drainage and whether you will be connecting to the existing public mains drainage system. If you are not and you will be connecting into a septic tank, cesspool or other means of private independent facility, you will need to submit an environmental assessment. Further details of what should be included in the statement can be found in the Validation Requirements List.

Kind Regards
Ms Malik

Dear Ms Malik

Please can you assist with respect to the further description required? What sort of further description?
The proposal includes ground floor and first floor extension, relocation of conservatory and an open porch to the front door; it also includes slight relocation of the existing separate timber built garden shelter at the rear of the house
The net increase in gross internal floorspace is 73sqm.

I attach the Form 9 for exemption from CIL.
I attach the dimensioned version of the site plan as requested.

Yours sincerely

Jonathan Hetreed
