Subject: Planning for advertising boards and flags.

Dear Mrs Dannart,
I understand that Bovis Homes are requesting planning for 32 flags in Yapton View Estate..

Please dont allow this to happen. The noise from the flags is awful.
When the wind blows we cannot have the windows open for the noise of the flags.
Unless you live with it you cannot believe the din they make..

Bad enough the road making we have suffered and the dust which has made our lives a misery
from the start of the site work...We now hear they want an extra ordinary number of flags.

We hope you can put a stop to this .
Thankyou so much.
