Amber,

Please see below which was received when I was on leave. I believe that this is a rep. for application ref. Y/100/19A. I will advise the sender that I have passed this for your attention.

Thank you,

Rose

Subject: Banners on land off Burndell Road, Yapton.

Dear Mrs Dannatt,

We are sending you this e-mail after being contacted by Mr Rowe about the application by the Contractors/Developer on the Bovis construction site in Yapton to be granted permission to put at least 32 flags on the site for advertising purposes.

All residents of Fairholme Drive, Park Lane & Fellows Gardens, among other addresses in Yapton are already putting up with daily noise from the Bovis site, which starts at 7am & generally goes on until at least 5pm, six days a week. While we realise that it is impossible to build new properties without a level of noise & disruption to the local area, I would like to think that the developer would be respectful to local residents & keep this noise & disruption to a minimum.

The application by the Contractor/Developer for this number of flags on the site is completely disrespectful to local residents.

They will cause a great deal of noise when it's windy, as it generally is this time of year & will add to the noise that residents are already having to endure on a daily basis. It will also be a constant noise, which is completely unacceptable.

The plastic sheeting that covers the perimeter fence of the site, already blows & flaps around in the wind, causing constant noise 24hours a day.

A couple of banners at the entrance to the site to advertise the new homes is to be expected, but this application is completely over the top, unnecessary & very disrespectful & anti-social towards local Yapton residents.

Please don't grant them the go ahead for these flags/banners.

I will look forward to hearing from you.

Yours sincerely

Kate & Chris Lowrey.
