Follow Up Flag: Follow up
Flag Status: Completed

Dear Amber,

Thank you for your email.

We have discussed your email with the Applicant and they would be willing to reduce the number of flags to six which are of a different style to those proposed. The flags would be static and as such would not blow about in the wind and cause any audible intrusion. This would overcome the current objections. The Applicant proposes to have the static flags at the entrance to the area of development.

Given that this is a substantial reduction in the number of flags, please can you advise if the Council would accept the six static flags.

Kind regards
