Dear Simon,

Thank you for the additional documents; the majority seem satisfactory but please may the applicant confirm whether the root membrane also acts as the visible deter-to-dig membrane (as per Geo-Environmental's RSVP) across this area of the site?

Many thanks,

Kate.

Hi Simon,

Thank you for this.

Confirmation of the remedial work dates has been noted, thank you.

Please may the transfer tickets be provided as the link has been blocked.

The three pictures in Appendix A do not appear to show the membrane or evidence imported material; please may photographs demonstrating the membrane installation at depth and copies of the transfer tickets for the imported material be provided.

Many thanks,

Kate.
