FAO Mrs D Johnson

Thank you for your email.

I can confirm that the north point is correct on the proposed ground floor plan. I have confirmed this with the scheme's architects.

If you compare the proposed site plan with the proposed ground floor plan you will note that the north points align.

The confusion may have arisen as the ground floor plan has been drawn in 'landscape' not 'portrait' on the drawing template.

I hope that assists your query, but should you require any further explanation please contact me.

Kind regards,
Lisa
