

18.0.2019

Dear Mr Davis,

Regarding Arun District Council
Planning App Y/103/18/PL

I strongly object to the proposed new
junction on the A259 to facilitate
easy access to the proposed Crematorium.

We have fought long & hard to get the
new cycle path along the A259

completed, to break it & create a
new junction will cause danger to
both cyclists & pedestrians. This is
completely unacceptable & I ask that
the Council re-consider the application.

I know that you will have many similar
comments of objection from my fellow
cyclists. Please consider our safety.

Yours faithfully
