Dear Simon

Many thanks for forwarding this. I was chasing a highway consultant for the safety audit and design response only yesterday.

The delay is a result of issues identified in the safety audit that we want to address with some partial redesign.

I envisage a revised plan and additional information will be submitted to overcome this objection and I will ask our highway consultants to speak to Stephen Gee to ensure we meet his requirements

Kind regards,
Lisa

Dear Lisa,

Please see attached WSCC Highways comments just received. Note that there is an objection on grounds that no RSA & DR have been provided, also that further information is requested on three points.

Kind Regards
