11th February 2019

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Single Chapel Crematorium with car parking, landscape works, surface water drainage features & associated highway improvements. This application is a Departure from the Development Plan.

10 Acre Field North of Grevatts Lane Yapton

Thank you for your internet representation made on 11th February 2019 which has been recorded as '**an objection**' with the comments as follows:

As local people all know that the traffic is congested at peak times at comet corner and is grid locked up to grevatts lane west too!

There are many accidents on this section of a259 as the vehicles seem to travel too fast.

As for the junction at grevatts lane west, it is very dangerous on turning right towards Yapton village, again due to speeding

Vehicles. A member of my family has unfortunately been in a collision while turning right from grevatts lane west.

Extra traffic will no doubt cause more accidents on this part of the a259 Comet corner and Bilsham road double bend and Grevatts lane west junction.

All the extra traffic will add unnecessary noise pollution and air pollution to us local residents.

The fumes from the crematorium even after being filtered will still give out toxic fumes and will impact our health.

Also there are many types of wild life in this area such as deer, stoats, water voles and bats that live in this area.

It would be completely irresponsible to allow this application to be granted.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website

and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
