Dear Mr Eastham,

Thank you for your letter dated 30 July 2021 regarding the further information for the above application; seeking a response no later than 20 August 2021.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

Having reviewed the details submitted, we have No Objection to the discharge of condition 6 attached to Y/48/21/PL.

Should you have any queries regarding our response, please do not hesitate to contact us at [REDACTED]
