Hi Maria,

Could you please advise when we are likely to receive comments from the Conservation Officer and whether you will be taking the planning application to the Development Control Committee on 5 February?

Kind Regards,

Hi Maria,

Following our conversation earlier today, I have now had the opportunity to look at the Environment Officer's comments.

As per the Ecological Impact Assessment submitted with the planning application, the following ecological enhancements will be included as part of the development proposals:

- The use of flowering shrubs as listed within the RHS 'Plants for Pollinators' plant list within new planting to the gardens;
- Installation of bird boxes either to the dwellings or to a nearby tree;
- Installation of integrated bat roosting opportunities;
- Hedgehog friendly fencing to be used within the scheme;
- Planting of a new native species-rich hedge to the margins of the site;
- Use of seed and berry producing trees and shrubs within the scheme to provide a foraging resource for local birds.

Details of the above could all be secured via condition, primarily through a detailed hard and soft landscaping scheme.

Whilst the net biodiversity gain has not been quantified, the above measures will result in significant benefits for the site, particularly given that the existing area of hardstanding within the courtyard of the barns will be turned into gardens with pollinator-friendly planting.

I trust this addresses the Environment Officer's comments.

Dear Maria,

I refer to the above planning and listed building applications which are due to be decided on 9 January. I note that Yapton Parish Council have objected to the applications on what we consider to be unreasonable grounds.

Could you please confirm whether you are intending to recommend these applications for approval and, if so, could you also advise whether the decisions can be delegated or whether the applications now have to go before the Development Control Committee as a result of the Parish Council's objection?

Kind Regards,
