Hi Nicola

I have been asked for a revised block plan showing dimensions to the boundaries of the proposed new buildings. The new build, as shown on the plans, is on the boundary. Due to irregularities in the construction of the existing boundary wall, there may be a variation of 50 to 100mm but not much more than that.

I don't understand the comment regarding the scale of the plans. The scales are 1:50 and 1:100 as shown on the plans at A3. It is no use trying to scale plans which have been reduced from A3 to A4 as they won't work. That is why dimensions are shown. You'll need to multiply A4 by 140% to get A3. I am sending A3 plans for your use.

CIL Form to follow.

Regards

Max
