Description of works: Erection of 15 No dwellings (including 4 No affordable units) with associated access, parking, landscaping, drainage and public open space (additional units to those approved under application Y/123/21/PL). This application may affect the setting of a listed building, affects the character & appearance of the Church Lane Conservation area, affects a Public Right of Way and is in CIL Zone 2 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 7th March 2022 which has been recorded as an objection with the comments as follows:

OWPC44969

This plan is already in an area that should not have been built upon and should not have been passed by the council.

The request for permission to build further housing is wrong on many levels.

Firstly this will compromise the conservation area.

Secondly, the development was agreed on the basis of the housing in the original plan. To add a further quota of housing will turn a reasonable development into an over populated development which will cause further problems in an already stretched area.

Traffic, schooling, GP., and even if these were not already an issue which can not be solved, it is unconscionable that the developer should try and sneak this increase in housing under the wire. Its obvious that this was the developer intention and they think we are not going to notice.

These greedy developers must be stopped.

I urge the council officers to stand up for the wishes of the community they serve and reject this outright.

Your views as made above will be considered before the application is determined.
