Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: Y/10/22/PL
Site Address: Land to the south of Ford Lane and east of North End Road Yapton BN18 0DS
Description of works: Erection of 15 No dwellings (including 4 No affordable units) with associated access, parking, landscaping, drainage and public open space (additional units to those approved under application Y/123/21/PL). This application may affect the setting of a listed building, affects the character & appearance of the Church Lane Conservation area, affects a Public Right of Way and is in CIL Zone 2 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 9th March 2022 which has been recorded as an objection with the comments as follows:

OWPC45057

Further to my previous objection, I have now had the opportunity to study the planning application in full and have some further matter to highlight.

The Western boundary as a whole is given little attention in the application as it is 'bordered by Orchard Business Park'. That simply is not the case for much of the boundary. It borders my house and garden which is sandwiched between this proposed development and Orchard Business Park. The plans and maps that the developers have submitted show my house and garden as part of Orchard Business Park, which is incorrect and misleading.

In the submitted plans, the western boundary line of the site, shown in red, encroaches into my land and the treeline and hedgerows that are claimed as the existing boundary, are my trees and hedgerows. Further, their plans show some trees that are simply not there and cannot be relied upon as a boundary barrier.

Their own drawings show gaps in the existing hedgerow between the development site and my property but no plan is given for the treatment of those gaps other than the vague promise of "a small buffer and boundary hedge". Incidentally, the Ecological Evaluation suggests any such Buffer should be 5 metres wide.

It should also be noted that the house numbered 112, is situated very, very close to an authorised industrial

unit which is frequently noisy. Will the building of these houses lead on to have an adverse impact on the industrial activities of Orchard Business Park and the established local employment opportunities associated therein?

Your views as made above will be considered before the application is determined.
