Need an action sheet before we can action the below

Dear Mrs Johnson,

I emailed a revised drawing for the above application to Maria Tomalova and also to [redacted] on the 20th January 2020 requesting that the attached drawing P13a be uploaded and to replace drawing P13. I attach a copy of the email below highlighted in blue. Unfortunately the drawing does not appear to be on the system.

Dear Ms Tomalova,

Please find attached a revised copy of drawing P13a. The drawing has been revised to indicate the outline of the previously proposed scheme (ref : Y/74/19/PL) which as illustrated has drastically reduced the overall width of the development as viewed from Hoe Lane and the back garden.

The ridge height of the proposed holiday let is 975mm lower than the previous scheme and the large dominant gable end has been replaced with a simple half hipped pitched roof. While the central section of front wall is in the same position as the existing wall, the front walls either side are stepped back 1m and therefore reinforcing the subservient nature of the development.

The house maintains it's current width albeit with a small utility room side extension the distance of which is at least 5.8m to the boundary (considerably more than a lot of properties on Hoe Lane).

May we request that the attached drawing P13a is uploaded to the file and is substituted for drawing P13.

I would be grateful if you could upload the drawing.

Thank you in anticipation for your assistance in this matter.

If you have any questions, please do not hesitate to contact me on [REDACTED]

Kind regards

Jason Davies
