Subject: Y/11/21/NMA Bonhams Field

Dear Thomas,

I have just started to look at this today. I acknowledge that we are beyond the stated timescale but I was ill Monday/Tuesday when I had planned to respond.

I note that application description is solely regarding the changes to the footprint of plots 42-47. However, the covering letter also refers to additional disabled parking bays. Yet when I compare the approved plans to those now provided, there would appear to be a reduction in the amount of spaces marked as disabled (1 shown on the new plan, 4 on the Rev V plan approved by Y/63/19/RES).

Can you advise whether you want me to consider the change in disabled spaces as part of this NMA. If you do then I think we need the plans amended to indicate where the disabled spaces are and to make it clear which are additional ones. If you do not then I still think we need amended plans but in this case to show the disabled spaces marked as before.

I will also require an Extension of Time but I will request a date once I know what is going on re the disabled bays.

Kind Regards

Simon J Davis MRTPI
