Subject: RE: Further Information Required on Your Ref: PP-08247808 Our Ref: Y/120/19/PL

Dear Mrs Johnson

Further to our telephone conversation this morning. Please will you amend the application description to –

Installation of an Earth Bund & replacement of removable entrance posts with 2 No. galvanised lockable gates.

With regard to the surface water statement, Surface water drainage will remain as existing as the bund is grass seeded and located on existing grassed area therefore the surface water drainage remains as existing.

Taken from Validation Requirements List For Planning Applications.

Local Requirements

6. Surface Water Drainage Statement.

Applications for any increase in impermeable surfacing including hard surfacing, new buildings and extensions within the Lidsey Foul Water Treatment Catchment Area.

The Proposal does not increase any impermeable surface area and The Recreation Ground is Not within the Lidsey Foul Water Treatment Catchment Area.

I trust this now resolves your additional requirements and will enable you to validate the application.

Kind Regards

Andy Belcher
