Further WSCC Highways consultation advice

[REDACTED]

Simon,

In this case I believe it can be dealt with as part of the S278. The agreed designers response (attached for your information) details that further design work and a stage 2 RSA would be provided (and appropriate provision provided depending on the state of play with the adjoining Clays Farm consent.

Regards

Stephen

[REDACTED]

Hi Stephen,

David Spring has left us and I am now looking after this application. I have prepared the report for Ctte and my team leader is querying how we are securing the pavement/footway along the front of the site which is outside the red edge. Do you have any thoughts? Could you do so through the s.278 or do you want to request an additional condition such as a Grampian style condition which could be tied to commencement or occupation?

Kind Regards

Simon J Davis MRTPI
