Hi Amy

On the basis of the revised documents that have been submitted I am happy for you to discharge Condition 6
Construction and Environmental Management Plan.

Joanne

Please note that I work part time and my working hours are usually 09.30 – 14.45 Tuesday – Friday.

Joanne Lewis
Senior Environmental Health Officer,

Environmental Health

Hi Joanne

Please find attached the updated information for review, noting below email.

If you can email me final comments by end of this week Friday 18th Dec please, so I can issue decision next Tuesday that will be great thanks.

Amy

Hi Amy

I have been through the comments. Attached is revised CEMP and also revised construction set up drawing. Also I have taken the tracking plans out of the original transport statement.

To confirm

- 1) Highway issues. I have amended the CEMP to take out the layby and all construction traffic will use the main access and will be able to load and turn within the site. As the tracking plans demonstrates. The other issues that were raised are all shown on the construction plan. Can you make sure Highways actually have the drawing 01A as this shows all the stuff they have asked for. The plan in the CEMP is too small to read they need to have the full A1 Version. This answers all their questions.
- 2) Environmental Health. I have added a indicative programme of works to the CEMP. I have up dated the boundary treatments and notes on the drawing and within the CEMP. I have added note about local residents and materials on lorries within the CEMP.

I trust that this deals with all the issues raised and these conditions can be discharged.

Regards

Philip Dudley
