Looking at the plans for the landscaping and fencing I have concerns with the lovely green space along the left boundary on entering the development. I have noticed on other developments close by that these green spaces become overflow parking and churned up. I would like to submit some example photos however this isn't possible.

Please can consideration be given to some fencing to prevent this happening and set a precedence from the onset. This will encourage people to take pride on the area.

Also are there any assurances that the green spaces and fences will be maintained long term as that doesn't seem the case again locally.

Your views as made above will be considered before the application is determined.
