Dear Sian,

Further to your letter dated 16th November 2020, I can confirm the red outline is correct and only includes the verge, which is under the ownership of the applicant.

I attach for your information only, a copy of an old Ordnance survey plan that shows the boundaries although please note this is not to be used as part of the application documents for copyright reasons.

I do attach a copy of drawing 0319/100 rev B, which is the location plan to be used with this application, which I hope is the one you already have. The previous rev. A was superseded.

With Kind Regards
