Morning Daun

Hope you are well this morning, not long until the Christmas break, something to look forward to.

I've been sent the following information from my client regarding the structural integrity of the barn. The barn was constructed this year 2020, I've attached the calculation sheets Mr Bennett sent through, and a method statement, supplied by Mr Bennett, confirming how he constructed the barn earlier this year.

I confirm there will be no wind turbine, Mr Bennett has asked we install more solar panel.

Please let me know if you require further information.

Regards

Richard

Richard,

I really have messed up on the above...

I will need an up to date (within the last 12 months) a structural survey as this is a conversion of a barn to a dwelling.

I am really really sorry for all of this.

So...I still require:

Confirmation of the wind turbine (if you want it in the description? Is it PD?

And a Structural Survey for the barn conversion.

I am not having a good day.

I will be sending a new INC letter.

If you have any questions, please let me know.

Thanks

Daun

Hello Daun

Yes, the wind turbine is new to the site.

Regards

Richard

Richard,

Can you please confirm if the wind turbine is new to the site (as it should be included in the application description)?

Thanks
Daun
