Dear Ms. Tomalova
RE CASE Y/137/20 PL
Maggies Meadow

I once again strongly object to any new building/ development in Hoe Lane. It will cause increased traffic flow into the district which passes my front entrance and will cause many problems as the road here is extremely narrow and barely allows two normal sized vehicles to pass each other. With the introduction of horse boxes and trailers this will cause a danger to all.

The new development is also sited on the rural unmade surface of this part of Hoe Lane and will cause much deterioration and be a danger to both walkers and the many cyclists that use this lane regularly.

Also the use of floodlights for the arena will cause a huge irritation to all the neighbours as well as being vastly unenvironmental on this rural area.

Yours sincerely
Ian Langmead
