

Arboricultural Issue - **Warmere , Church Rd, Yapton BN180ER**

Rowan Tree . The aim is to reduce the height by 20% to the previous cut points from 2016 (Y/69/16/TC) to give a better shape, less shading and to keep the tree away from the house .

Cypress Tree to be felled as it is rather poor health, to give adjacent fruit and berry bearing trees room to grow and to provide more nectar for insects and facilitate new plantings.
