Hi Donna,

They have stated that they are confident there will be room as currently shown but they are going to undertake a review of the sales cabin position and see if they can twist it slightly to give slightly more room for the footpath (i.e. try and make it parallel to the footpath). If they do this then I will reconsult you.

Simon.

Hi Simon,

Thank you for your email.

Your email to Sean Havis voices my concerns exactly. We need to ensure the footpath, as in use on the ground, remains available for all legal path users without obstruction at this time, unless a valid temporary path closure has been applied for and approved. I look forward to hearing the developer's assurances that this is so.

Thank you for your diligence on this matter.

Best regards,

Donna

Hi Donna,

Please see attached email correspondence with the applicant re the impact on the footpath. Please advise if you have any other comments that I should make them aware of.

Simon

Hi Donna,

Sorry, I am just writing to them. I had to ignore everything other than one application last week and am just catching up. I will let you know as soon as they respond.

Hello Simon,

I was wondering if you've heard back from the developers yet?
