Dear Simon,

I hope this e-mail finds you well.

In relation to the above application, Soils Limited's Verification Report (document ref.: 18115/VR, dated September 2021) has now been reviewed. Environmental Health is satisfied that condition 22 (Verification Report) of application ref.: Y/5/17/OUT can be discharged. It is recommended that future reports of this nature contain photographic evidence which demonstrates that the appropriate depth(s) of excavation(s) has been achieved.

Many thanks,

Kate.
