

Schedule of Proposed Tree Works

Walnut Tree Cottage, Church Road Yapton

Fell 1 No Elm (T1) and crown reduction to 1 No Elm (T2) in Yapton Church/Main Road Conservation area.

T1 Elm

Height 10M DBH 290mm

To Fell.

Reason:-The tree is in decline with crown dieback indicative of Dutch Elm Disease

To negate the general transmission of disease and particularly to tree T2 which is in close proximity.

T1 Evidence of crown dieback

T1 (left of pole) **T2** (right of pole)

T1 showing crown dieback in comparison to adjacent Elm **T2**.

T2 Elm

Height 11.0M, DBH 260mm, Crown spread average radius 4.5M

Crown reduction to 8.0m height and crown spread to 3.0M radius.

Reason:- To maintain a smaller tree and reduce its susceptibility to Dutch Elm Disease.

General maintenance.

T2 (Crown reduction)
