

Todhurst Farmhouse
Lake Lane
Barnham
West Sussex
PO22 0AL

Date: 01/02/21
Application No Y/151/20/PL
Address: Pollards Nursery Lake Lane Barnham PO22 0AD
Description of works: Permanent siting of temporary seasonal horticultural worker accommodation (8 mobile homes & 3 retrospective mobile homes), hardstanding & service building.

Dear Sirs

I am writing to object to this application on the following grounds:

Lake Lane is rural/residential and to site any mobile homes in a field adjacent to the lane would change the character of the Lane.

We are sheltered from the noise of the nursery by the allocation of a sort of green belt between the glasshouses and the Lane. The plan is to locate accommodation units – with the associated noise and disturbance in this important green lung.

The occupant of Bowley Cottage will be particularly affected – an octogenarian, living alone, she believe that the development will force her to move house due to security issues as the proposal is that the units will be placed adjacent to her property.

The Applicant should and could site these homes in a secluded and shielded area within his own land without intruding on Lake Lane.

Gaps between the villages of Yapton and Barnham are precious and should be preserved

We trust you will see fit to reject this application and also to persuade Nursery businesses to develop a more responsible attitude towards their neighbours.

Chris Hatstead
