

The Annexe

Todhurst Farmhouse

Lake Lane

Barnham

West Sussex

PO22 0AL

Date: 01/02/21

Application No Y/151/20/PL

Address: Pollards Nursery Lake Lane Barnham PO22 0AD

Description of works: Permanent siting of temporary seasonal horticultural worker accommodation (8 mobile homes & 3 retrospective mobile homes), hardstanding & service building.

Dear Sirs

I am writing to object to this application:

I live in the annexe to Todhurst Farmhouse – just across the road from the proposed development.

Lake Lane is rural/residential and to site any mobile homes in a field adjacent to the lane would change the character of the Lane and has the potential to greatly affect the enjoyment of my property.

I am sheltered from the noise of the nursery by a field between the glasshouses and the Lane. I understand that the plan is to locate accommodation units on this field.

I am particularly worried about how the proposal will affect [REDACTED] the occupant of Bowley Cottage. [REDACTED] she has spoken to me and believes that the development will force her to move house, as she would no longer feel safe.

There must be a more suitable secluded part of the nursery where these homes could be located.

We trust you will see fit to reject this application and also to persuade Nursery businesses to develop a more responsible attitude towards their neighbours.

Yours truly

Alan Pearce
