Dear Mr Havis,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Approval of details reserved by condition imposed under ref Y/92/17/OUT relating to Condition Nos 5 - materials & finishes, 8 - Arboricultural Method Statement & Tree Protection Plan, 12 - foul drainage, 14 - Reptile Survey Report, 19 - Employment & Skills Plan, 23 - broadband, 27 - levels, 28 - contamination and 30 verification report.

Land East of Drove Lane Yapton BN18 0EB

Notification regarding the above application:

Condition Number 23

Prior to the commencement of each phase of the development, a strategy for the provision or facilitation of broadband provision to future occupants of the site in that phase shall be submitted to and approved in writing by the Local Planning Authority. The strategy shall seek to ensure that upon occupation of a dwelling in that phase, either a landline or ducting to facilitate the provision of a broadband service to that dwelling from a site-wide network, is in place and provided as part of the initial highway works and in the construction of frontage thresholds to dwellings that abut the highway. Unless evidence is put forward and agreed in writing by the Local Planning Authority that technological advances for the provision of a broadband service for the majority of potential customers will no longer necessitate below ground infrastructure, the development of the site shall be carried out in accordance with the approved strategy.

Reason: To ensure that the needs of future residents to connect to the internet does not necessarily entail engineering works to an otherwise finished and high quality living environment in accordance with Policy TEL SP1 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition because the provision of broadband needs to be incorporated into the design for the site.

Decision:

Arun District Council have decided to **APPROVE details reserved by this condition**

The submitted Openreach Statement dated 23/01/20 confirms that the site will have access to the Fibre to the Premise (FTTP) product which enables speeds up to 1Gbps.

This demonstrates that the new houses will be supplied with superfast fibre based broadband and therefore meets the Council's requirements. The condition is therefore discharged on the basis of the submitted details and on the understanding that the homes will be supplied with superfast fibre broadband meeting a minimum speed of 24MB.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely

A handwritten signature in black ink, appearing to be 'NC' followed by a flourish and a period.

Neil Crowther
Group Head of Planning
