To: David Easton <David.Easton@arun.gov.uk>; Planning.Responses <Planning.Responses@arun.gov.uk>

Subject: Land at Bilsham Road Yapton - Y/15/22/DOC

Planning Application Reference: Y/15/22/DOC

Proposal: Approval of details reserved by condition imposed under Y/91/17/OUT relating to condition 25-Electric Vehicle Charging Strategy

Location: Land at Bilsham Road Yapton

Dear David,

Having reviewed the document entitled 'EV Charging Plan C0033_THAK_001' I require further information. The requirement for electric vehicle charging points is dependent upon the number of associated parking spaces within the boundary of a dwelling.

I therefore request the applicant submit an amended EV Charging Plan which details the plot boundaries for each plot within the proposed development.

Furthermore, the applicant shall be required to provide full details of the manufacturer and model of the proposed electric vehicle charging points, and ensure that the specified manufacturer and model appear on the government document entitled 'Electric Vehicle Homecharge Scheme approved charge-point model list'.

Sincerely, Craig

Craig Milligan
