Dear Sirs,
On behalf of the residents of Redford Way I am writing to object again to the application of residence on North End Road.
Planning no. Y/15/25/PL.
As has previously been reported this is a conservation area.
Last spring a tawny owl nested in the area, and regularly sat on the bottom fence every evening from 5pm onwards, one evening it had a owlet sitting with it. Together with the fact we are mainly elderly people retired we don't relish the thought of building at the bottom of the garden.

Surely there is enough building going on in this area. On our particular estate there are 6/7 remaining houses and one bungalow to sell, this is a small estate. Combined with all the other estates building programs is it necessary to build on a busy road?

Re - Sycamore trees:-
It was mentioned in a previous email that these trees were in need of pruning, this has not yet happened..... shouldn't this procedure occur before the trees go into leaf? Is this possible for you to follow this up, if so we would be very grateful.
Many thanks
Sarah Taylor.
