Hello again Edward,

I have now received a reply from our contractor for the bat mitigation work.

The email thread below includes confirmation from Natural England that the site was registered under the Bat Mitigation Class Licence before works to strip the roof took place. This should be all that ADC require in relation to condition 15.

Best wishes,

Nick

Dear Stephanie (RC064)

Thank you for submitting your site registration form (**reference RC064-6048A**) received on **12/10/2021** for **The Steddles, North End Road, Yapton, West Sussex, BN18 0DS** Grid reference: **SU 978038**

Based on the information you have provided, Natural England is satisfied that the works fall within the remit of WML-CL21 and that the three tests have been met. Please accept this email as confirmation that the site is now registered and you can commence works on site as described in your site registration form and in accordance with class licence WML-CL21.

Please find attached a **licence return form** which you must **complete and return to Natural England**

[REDACTED] within 4 weeks of completion of licensed works. If works will continue longer than you have indicated in your site registration form, please inform Natural England as soon as possible; otherwise your licence return will be expected no later than **28/12/2021**.

[REDACTED]

If you have any further queries in relation to this site registration, please do not hesitate to contact us on our email address below

Kind regards

Natural England
