To Whom it May Concern

I am writing this letter to confirm that Mrs Linda Hyams, "Oaktrees" Little Meadows Bilsham Rd, Yapton, W Sussex BN18 0JY, Has lived at this address for over 6 years, I can Prove this as in the year March 2000, I had a Nervous Breakdown and was sent to a psychiatric Unit in Grayling Well Hospital, Chichester, I had no living relatives to take care of my daughter Lily who at that time was only 6 years of age, I have known Mrs Hyams for over 20 years and consider her as part of my family without her and her family helping me at my time of need and to save her (Lily) the trauma of foster care, did let Lily reside at "Oaktrees" Yapton, as a part of their family for approx one month, we have applied and I am more than willing for hospital records to be checked to confirm this fact, I am more than upset that this doubt of where they have lived has arisen as I know them as a truly honest, kind, family who without Lily and myself would not

be where we are today, I have notified the relevant Authorities for forms to apply for Access to records for medical history,

I have given you more detail than probably necessary, but feel an overwhelming duty to do everything I possibly can for my very dearest friends to help them, when they have always helped me, Having been homeless once myself and going through the Hell of trying to secure a home for Lily and myself, would not want to see anyone let alone my family go through that misery especially where children are involved! another time Linda also helped me at "oaktrees" has too house my two beloved cats in 2001. So I hope this is satisfactory evidence, if you do need any further help or information you have my address,

Yours faithfully
