Hi Simon,

Having reviewed the document entitled 'Bonham's Field, main Road, Yapton, West Sussex, BN18 ODX | Assessment of Substation noise' (dated 2nd February 2022) [produced by Ian Sharland Limited] I find the report, methodology, calculations and findings to be reliable. I am therefore satisfied that the information provided is sufficient to avoid the need for a pre-commencement condition,

Sincerely,
Craig

Hi Craig,

Further to your comments below, I have received this Noise Assessment for the Substation. Can you advise if this is sufficient to avoid the need for a pre-commencement condition. Note that I have issued a re-consultation on this expiring on 17/02/22.

Simon.
