Subject: FW: Planning Consultation on Y/17/21/DOC

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Engineers Comments Regarding Surface Water Drainage

It is recommended that Condition 10 and Condition 11 on application ref Y/121/19/PL are discharged. Please ensure all surface water drainage is constructed in accordance with the following plans and that these plans have been uploaded to the public portal.

- 424795.01P4 Steddles Yapton Drainage GA
- 424795.02P4 Steddles Yapton Drainage Details

- Rev B The Steddles SUDS Maintenance and Management Plan (including the two plans above as appendices).

Kind Regards

Sarah Burrow
