

The floor plan shows a symmetrical duplex layout. Each unit consists of:

- Unit Left (from entrance):** En suite, Bed 1, Bath, Bed 2, Bed 3, and a central staircase.
- Unit Right (from entrance):** En suite, Bed 1, Bath, Bed 2, Bed 3, and a central staircase.
- Central Area:** A shared staircase and linen closet (Lin.) area.
- Common Areas:** A central living area with a fireplace, a dining area, and a kitchen with a sink and stove.

The plan is detailed with room labels, furniture placement, and architectural features like windows (W.), doors, and stairs.

This architectural elevation drawing shows a three-story brick building. The structure features a central section with a flat roof and two side sections with gabled roofs. The facade is composed of brickwork. The ground floor includes a small entrance on the left, a set of double doors, a large garage opening, and another set of double doors on the right. The second and third floors are characterized by numerous multi-paned windows. A dark vertical line, possibly a chimney or structural joint, runs down the center of the building.

The floor plan illustrates a three-unit residential building layout. Each unit is equipped with a Kitchen/Dining area, a Living area, a Hall, a W.C., and a Utility room. A central 'Drive Through' area provides access to a 'Bicycle St.' and a 'Lobby'. A 'Carport' is located between the first and second units, and a 'Garage' is attached to the third unit. Dashed lines indicate the boundaries between the units and the central access area.

A detailed architectural drawing of a brick house. The house features a gabled roof with a chimney on the right side. The drawing shows the front elevation, including the roofline, gables, and the main body of the house. The brickwork is depicted with a cross-hatch pattern. The drawing is oriented horizontally on the page.
