Thank you for your internet representation made on 2nd March 2022 which has been recorded as an objection with the comments as follows:

OWPC44860

How does it happen that a previously designed and discussed development can suddenly be altered after agreement?? What happens next....?? Do the developers 'decide' they would like to build a block of flats in a corner of the site instead of a couple of houses?? This is planning madness. There was a reasonable layout for this site that was agreed as 56 dwellings. The increase to 75 was refused in 2020. How can it be that the planning laws allow for an overall increase to a previously agreed site?? This application should be rejected and the whole plan for the site resubmitted to allow for proper advertising and community comment.

Your views as made above will be considered before the application is determined.
