Thank you for your internet representation made on 4th March 2022 which has been recorded as an objection with the comments as follows:

OWPC44880

Have just found the yellow notification for this in a bush and have not been previously aware of this outrageous application! Bonhams Field is a greenfield site. Bonhams field joins a conservation area. The present 54 houses and associated buildings and road degrade the heritage assets with further houses adding to this degradation. There is insufficient parking for the additional homes and no local public transport options, meaning that all new residents will need cars. The green buffer around the heritage assets will be used for parking as visitors to the sites have very few parking bays. The houses being built at present are bog standard and bear no relation to the original design that was used to sell the development to local residents as being in keeping with this part of the village. Our infrastructure cannot take another 64 cars and additional families. Shame on you ADC for allowing this to be re-applied for when it has been opposed continuously by the YPC, local residents, conservation officers etc. I strongly object and have no idea why we, as the residents most affected by this application, were not contacted by the developers nor the planning department. I am disgusted!

Your views as made above will be considered before the application is determined.
