Dear Ellie,

Thanks for your email.

I am inclined to recommend approval – subject to resolving the Tree/drainage concerns. I have not heard further from the Parish but I have just emailed Neil Crowther for his advice on whether this would be a Ctte or delegated item.

Kind Regards

Dear Simon,

Thank you for your e-mail.

7 weeks is quite a prolonged extension but if it means we can hopefully reach a positive conclusion then the applicants are content to agree.

As you are requesting an extension, can I assume that you are minded to approve subject to resolving the tree officer comments?

Our drainage and arboriculturist believe that they can resolve this issue and I hope to be able to provide you with an amended drainage plan shortly.

In terms of the Parish requests that are not required in order to make the development acceptable, have you heard anything further from the Parish or had any internal discussions as to whether officers can delegate in these instances?

I look forward to hearing from you.

With Kind Regards,
Ellie
