Subject: Town & County Planning Order 2015 - Notice Under Article 14 of Application for Planning Permission

Dear Sirs,

I am in receipt of your Notice referring to an application for Proposed Covered Parking submitted by applicants Mr & Mrs Kerr and relating to The Granary, Tryne Barn and Sunflowers at Hobbs Court. Although your notice does not mention any planning reference I am presuming you refer to planning reference Y/19/18/L. If this Notice does not relate to this application please let me know which application it relates to.

If your Notice does relate to this application Y/19/18/L then my only comment would be that since the three properties mentioned are just three of a of a four property block of five garages/car ports, and since my property looks out on to this garage/car port block, I would prefer that that all five garages have matching doors and that these doors are manufactured of a material meeting the conservation requirements for this Grade 2 listed site, and in keeping with my own property (approved planning application Y/10/15/HH 2015).

Kind regards,

Julie A Green
