This application may affect the setting of listed buildings, affects the character & appearance of the Church Lane, Yapton Conservation Area & affects a Public Right of Way.

Land to the south of Ford Lane and east of North End Road Yapton

Thank you for your internet representation made on 14th February 2020 which has been recorded as '**an objection**' with the comments as follows:

The application lacks sufficient detail on how it will support Sustainable transport. Cycle routes and paths across this site and interconnecting routes need to be planned. Clear reference should be made to other local planning applications that contain comments on Sustainable routes and evidence detailed on how it will support and link

To encourage residents to cycle or walk the roads, houses and gardens need to be planned in such a way that storage and easy access to cycles is achieved. Cycle storage at the back of the garden is not acceptable or user friendly

Parking should be sufficient to discourage on road parking and should be set at a level of at least 3 cars per house with possible underground parking

Recycling should be encouraged and designed in with communal collection areas

Solar panels should be designed into scheme to reduce levels of fossil fuel consumption and along with this electrical vehicle charging points

Until there is a clear commitment to support this agenda then application should be rejected

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small

number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. Yours faithfully
