Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: Y/19/21/PL  
Site Address: Clays Farm North End Road Yapton BN18 0DT  
Description of works: Removal of planning condition 17 imposed under Y/62/18/OUT relating to no occupation of more than 16 dwellings prior to the proposed improvement works at the junction of the A27 and Yapton Lane have been completed and open to the public.

Thank you for your internet representation made on 26th February 2021 which has been recorded as an objection with the comments as follows:

OWPC34120

I have previously commented on this application but would like to add that having looked back to the 2017 application I am concerned at the accumulation of surface water that can now be found at the junction of Ford Lane and Maypole. Yapton is/was a small rural village that has rapidly become a massive building site. This has increased the amount of water lying on the surface with nowhere to drain to.

Added to this I have since seen the site of the road access to the Redrow site on the opposite side of North End Road. This is going to greatly increase the amount of traffic using the Ford Lane/North End Road/Maypole Lane junction, more traffic joining from Maypole Lane is going to make this junction a nightmare. This will also be aggravated by the very long queues of traffic waiting at the level crossing. This is already causing air and noise pollution that will get worse with the traffic from the Redrow site. An additional 33 properties on this proposed development will add even more. The original plan for 16 properties was bad enough but 33 is unacceptable. Yapton has reached capacity, it is a village not a town.

Your views as made above will be considered before the application is determined.
