Dear Sirs,

PLANNING REF: Y/20/18/OUT

I wish to express my support for this application of 10 new houses.

The proposal of ten houses seems to be very considerate to the local area, with a low density, well-spaced out and not affecting the adjoining Bonhams garden and neighbours in any way.

The entrance to the development being at the A259 end of the lane would not affect dwellings and pedestrians further down the lane. From the details I see, the development would in fact improve accessibility for both pedestrian and cyclists.

The district has such a shortfall of houses, this development would make a positive contribution to both private and affordable housing need.

Yours faithfully
