Good morning Simon,

Sorry about the delay in responding to your e-mail.

We're seeking to change the red line for the planning application so that:

- a) the application red line accords with the S106 plan;
- and
- (b) the red line does not encroach onto the Bonhams garden or highways land.

The only changes are where the site boundary meets Hoe Lane and adjacent to the Bonhams curtilage. The changes are quite minor, as you can judge from the red line which is now sought as shown on the attached plans 003C and 005C. If you are able to accept the change could you substitute the new 003C and 005C for the current site plan and site location plan please.

I assume you've not heard from the Conservation Officer yet? There was certainly no consultation response on the ADC website when I looked just now.

In view of the above, can I suggest we extend the period for determination. It's currently due to expire on the 6th September – can we extend until the end of September? I suggest the 28th as this is the last working day. Agreed?

I'm now away from the office for a fortnight, back on the 17th September. I'll be in touch again when I return.

Robin.
