Hi Cian

Just had a look at the plans and Yes the species mix and densities suggested are by far improved and these would now meet my approval to recommend the discharge of this condition.

Thanks and regards

Sue

Sue,

Your comments on this application (attached) mentioned you weren't satisfied with the proposed southern boundary hedge "gapping up" proposals.

The applicants have amended the scheme to take your comments into account.

Could you take a quick look and see if these meet your approval?

Many thanks,

Cian
