

REASONS FOR PROPOSED TREE WORK

T1 Apple tree in side raised lawn area:

- Remove all vertical re growth
- Lateral prune to clear Castle Cottage by 1.5m
- Shorten 1 x branch of 100mm diameter heading north by 1m – from previous pruning point, not the new growth
- Thin the inner epicormic growth by 20%

The proposed work is intended to produce and aid the maintenance of a smaller tree in what is a confined space
