Hi Maria

I have just refreshed my memory on this one. I think my main concern is the comings and goings over night. Has the agent confirmed if people will have access outside of the managed hours of 8am-8pm?

I assume the residents are used to some comings and goings as part of the current use so we can be flexible about the day time hours but what I would really like to know is if the caravans and storage can be accessed outside of the managed hours. As an example my parents have a caravan in storage and if they are going a long way with it they will often go and pick it up at 6am or earlier to beat the traffic.

Joanne

I work part time and during the current situation I will be trying to work at some point every day Monday – Friday instead of my normal days Wednesday – Friday only.

Dear Joanne,

You have already commented the above application and I entirely agree with you that opening hours 8am to 8pm for 7 days with a residential on the side of the main entrance would not be very pleasant .
The agent confirmed the opening hours as above.

I believe, we have to put some limits there. What do you suggest?

I wish you a Happy Easter (rather unusual)

Kind regards

Maria
