Dear Ian,

Please can you provide me with updated plans in accordance with Paul Cann's drainage comments below:

The scheme has previously been agreed, however, it is noted that the submission to planning needs updating;

- 1. The suds maintenance manual appears to be an out of date version.*
- 2. Drawing KNC2006-50601 Rev B needs to be included.*
- 3. The agreed Microdrainage calculations need to be included.*
- 4. Drawing KNC2006-501-04A is not relevant and should be omitted.*

The application expiry is 26/04 so please provide these to me by Friday 23rd April as I will need to put them on the system before making a decision on the 26th. Please can you confirm that you can meet this deadline.

Kind Regards
