Subject: Y/30/22/DOC

Dear Planning,

I have reviewed the submitted details regarding approval of details reserved by condition under ref Y/63/19/RES relating to Condition No 8 - charging of electric vehicles. We require further information regarding the technical specification of the proposed electric charging points. Also, there are no charging point allocated in plots 43 – 56 . We require clarification as to why this is the case. With this in mind, we are unable to recommend discharge of condition 8.

Once further information is received, I will be happy to review my comments again.

I hope this helps.

Regards
